part records, it's still a very low percentage of representation. But
g in country music isn't new. In fact, there's a historical controvers
atekeeping:

music isn't new. In fact, the

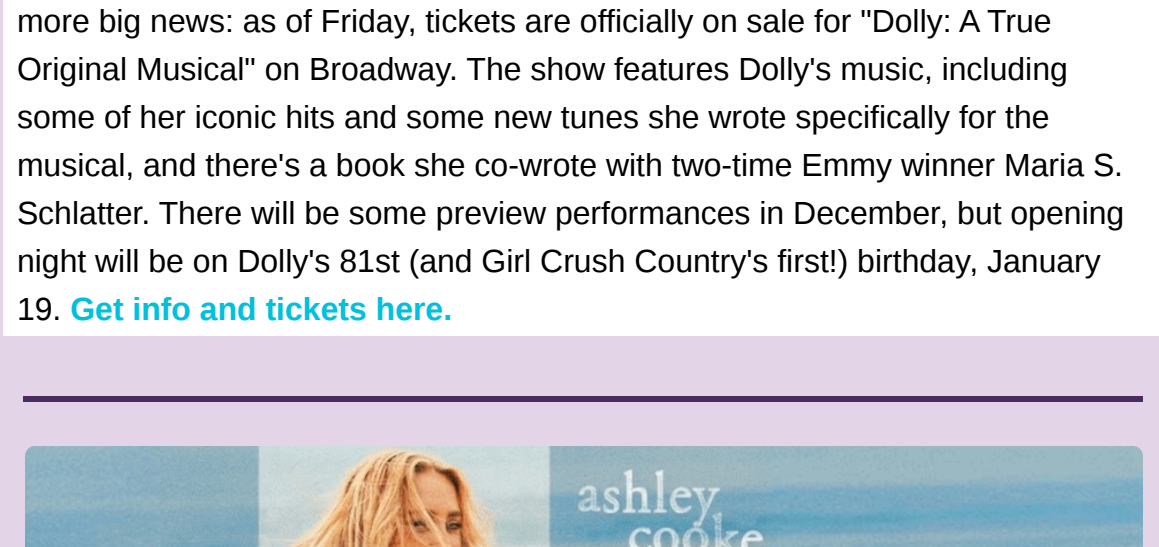

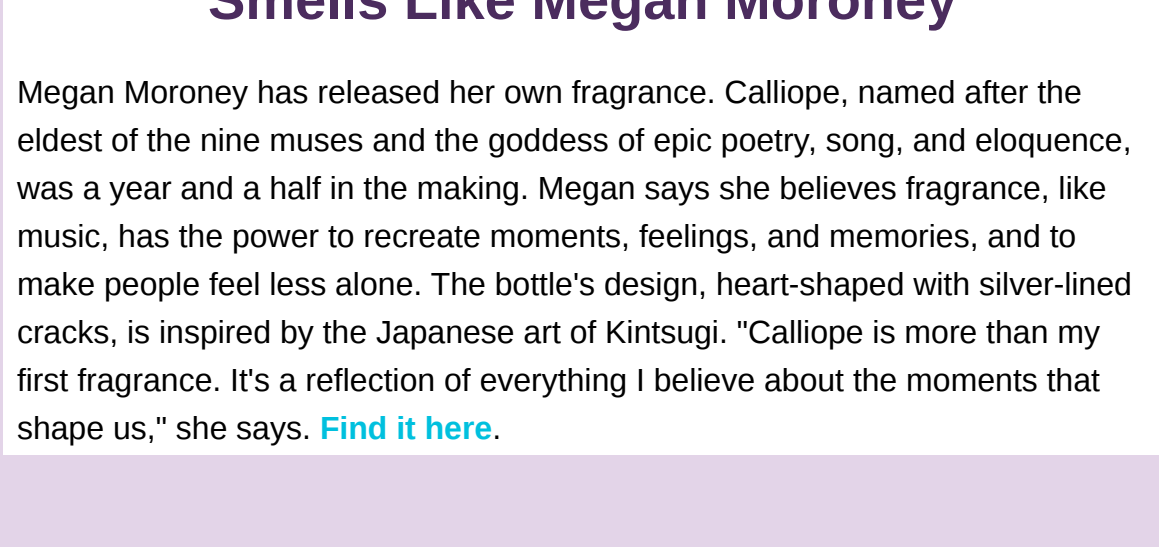

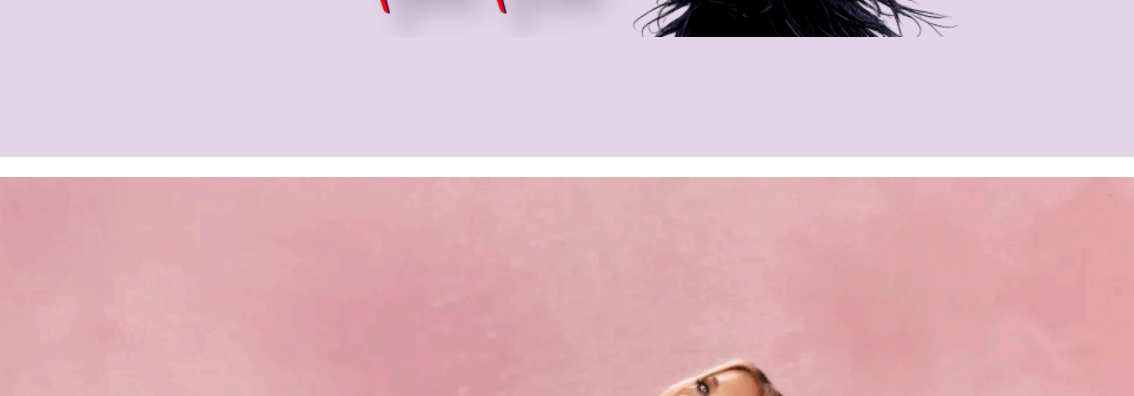

Love Me, Let Me Know hit #1 on the *Billboard* Top Country Albums chart, and stayed there for 8 weeks. This followed her Best Country Female Grammy for "I et Me Be There" and a Most Promising Female ACM win the year before.

When she won Female Vocalist at both the ACMS and CMAS in '74, artists notably including Dolly Parton, Tammy Wynette, and the fiercely vocal Jean Shepard formed the Association of Country Entertainers (ACE) in protest against pop-country crossover, which they feared was hijacking the genre and pushing out the "real" country artists. ACE folded a few years later due to internal disagreements and financial troubles, and Olivia kept on doing her thing, regardless. In 2026, we know there's room for all kinds of country kinds (to paraphrase Miranda Lambert).

 *Jess Wright, Creator/Host*

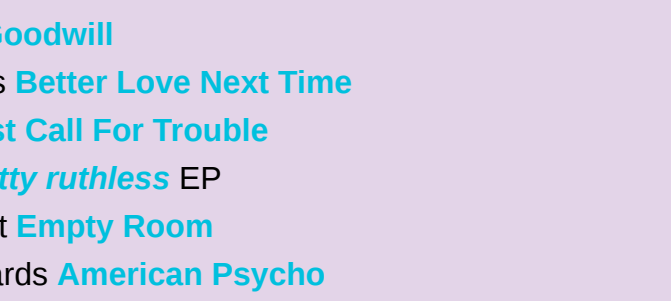

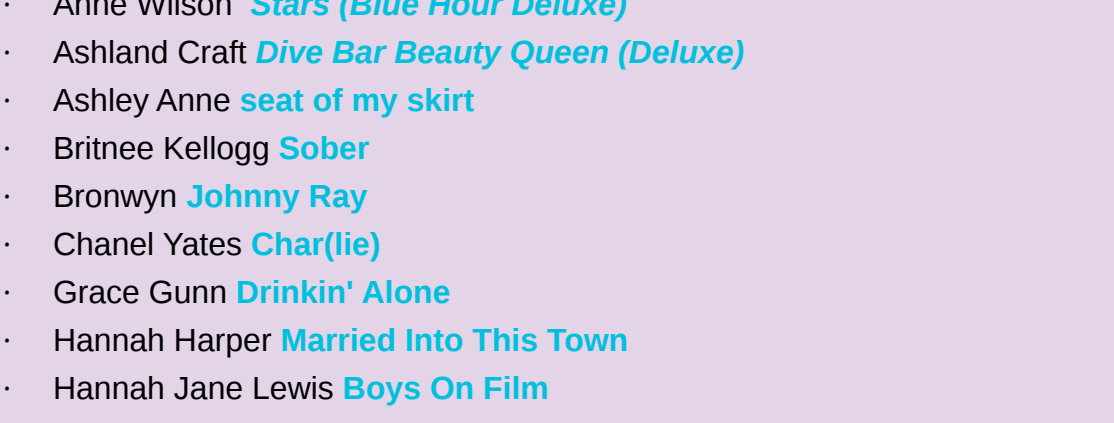

the tea.

The drops 

The freshest Girl Crush Country music:

- Allison Russell *In The Hour Of Chaos*

• Meghan Patrick **I Sure Hope So**
Morgan Wade **Love's Incessant**

- Nicole Croteau, Carson Beyer [Go Good Together](#)
